**BETTER TOGETHER** With Friends members Sherri Dunlevy, from left, Wendy Anderson, Betsy McFarland, Lauren Hersey and Nancy Haynes announce a new Women's Personal Connecting Group in the Ohio Valley. They started getting together through Zoom during the height of the pandemic with women who were looking to connect and find friends.

"Women needed to talk and be listened to during this time, because our social circle was nonexistent," Anderson said. "This group saw the need to continue building our group due to many inquiries about the need to grow personally with like-minded females. We had an event with 30 ladies at the Scottish Rite Building with Chef Adam Luiso. Chef Adam donated the space, time and food for our personal development and connecting event, that along with the fee to attend we donated all the money to YSS Mary & Martha House A Women's Recovery Home. The money will go towards their 'self care.' There will be more events in the future. If you are interested in personal growth, networking, self care and meeting like-minded women call 304-639-7675."
